

the new spring collection is here!

THICC SPATULA

The true frontier of scraping

- Fits almost no piece of glassware
- 100% Platinum
- Shiiiiiny

ANGULAR TEST TUBE

The missing piece of glassware in your lab drawer

- Perfect together with our **THICC SPATULA**
- 420% pure Borosilicate glass
- Tested by renowned scientists around the world
- Available as chiral variants
- Comes with a handy angled test tube brush

THE CONIC BEAKER

A revolution in laboratory technology

- A true assertion of dominance
- Never have your samples spilled by colleagues again — this beaker does it for them
- Calibrated to 69 μ l precision
- Never try to clean glassware again — it's impossible now!
- Probably resistant to like a lot of solvents I guess
- 100% biodegradable, CO2 neutral, and green
